*Check the engine oil regularly between recommended oil change. Hyundai recommends Quaker State oil.
*1 If TOP TIER Detergent Gasoline is not available, one bottle of additive is recommended. Additives are available from your authorized Hyundai dealer along with information on how to use them. Do not mix other additives.

Looking for more detailed information? This Quick Reference Guide does not replace your vehicle’s Owner’s Manual. If you require additional information or are unsure of a specific issue, you should always refer to the vehicle’s Owner’s Manual or contact your authorized Hyundai dealer.

The information contained in this Quick Reference Guide was correct at the time of printing; however, specifications and equipment can change without notice. No warranty or guarantee is being extended in this Quick Reference Guide, and Hyundai reserves the right to change product specifications and equipment at any time without incurring obligations. Some vehicles are shown with optional equipment. Specifications apply to U.S. vehicles only. Please contact your Hyundai dealer for current vehicle specifications.
Use this Quick Reference Guide to learn about the features that will enhance your enjoyment of your Hyundai. More detailed information about these features are available in your Owner’s Manual.

*Some vehicles may not be equipped with all the listed features.

**behind steering wheel

---

** WARNING! **

To reduce the risk of serious injury to yourself and others, read and understand the important SAFETY INFORMATION in your Owner’s Manual.
REMOTE KEYLESS ENTRY

Lock(🔒)
Press the button.
Once - Lock
Twice - Confirmation chirp

Unlock(🔓)
Press the button.
Once - Unlock driver’s door
Twice - Unlock all doors

You can change the system to unlock all doors by pressing the button once. If you want this feature, refer to the Owner’s Manual.

Panic(⏰)
Press and hold.
Press any button to turn off panic.

HEADREST ADJUSTMENT

Height adjustment

Lock knob

To raise headrest height, pull up on headrest.
To lower headrest, press lock knob while pushing down on headrest.

FRONT SEAT ADJUSTMENT

A Forward and backward

B Seat cushion height (driver’s seat only)

C Seatback angle

SEAT BELT ADJUSTMENT (Front seat)

Pull up to raise.

Press button and push down to lower.
**STEERING WHEEL ADJUSTMENT**

1. Pull the lever down.
2. Set the angle and height.
3. Pull the lever upward to lock in place.

**NOTE**
Do not adjust the steering wheel while driving.

---

**DRIVER’S MAIN CONTROLS**

- **Window Auto down/up (driver’s side only)**
  Press past detent to fully open/close window.

- **Outside Rearview Mirrors**
  Press L (left) or R (right) on the switch. Then adjust the mirror by using the directional switch.

- **Power Window Lock Switch**
  Disables the power window switches on the passenger doors.

---

**FUEL FILLER LID**

**NOTE**
After adding fuel, always reinstall the fuel cap onto the filler neck by rotating it clockwise until it clicks one time.
Failure to do this may result in the Check Engine Light illuminating.
Check the engine oil regularly between recommended oil changes.

---

**CENTRAL DOOR LOCK SWITCH**

- **Door Lock**
  Locks/unlocks all doors.
HEAD LIGHTS AND FOG LIGHTS

- High beam
- Fog light
- Head light position
- Parking light position
- Auto light position
- OFF position
- Turn signals and lane change signals
- Flashing head lights

WIPER AND WASHER

- MIST - Single wipe
- OFF - Off
- INT - Intermittent wipe
- LO - Low wiper speed
- HI - High wiper speed
- Pull to spray and wipe
- Intermittent wipe time adjustment
- Fast wiper speed
- Slow wiper speed
- Rear wiper / washer control
  - ON - Continuous wipe
  - INT - Intermittent wipe
  - OFF - Off
  - Push to spray and wipe.
INTERIOR LIGHTS

ON
Light will turn on.

DOOR
Light will turn on when any door is open except trunk.

With the ignition switch off, lights will stay on for approximately 30 seconds after door is closed. The lights will turn off immediately if the doors are locked or when the ignition is ON.

OFF
The lights stay off at all times, except when individually turned on.

NOTE
If the lights are left on for more than 20 minutes with the ignition switch off, they will automatically turn off to prevent a dead battery.

CHILD-PROTECTOR REAR DOOR LOCK

Lock (🔒)
Move the lever to the “🔒” position.

Unlock (🔓)
Move the lever to the “🔓” position.

REAR SEAT FOLDING

1. Disconnect the center shoulder belt.
2. Pull up the release lever.
3. Fold down the seatback.
WARNINGS AND INDICATORS

- Air bag warning light
- Parking brake & Brake fluid warning light
- ABS warning light
- Seat belt warning light
- Low Tire Pressure Indicator / TPMS (Tire Pressure Monitoring System) malfunction indicator
- High beam indicator
- Engine oil pressure warning light
- Charging system warning light
- Electric Power Steering system warning light
- Door open position indicator
- Turn signal indicator
- Trunk lid open warning light
- Automatic transmission shift indicator
- Manual transmission shift indicator
- ESC (Electronic Stability Control) OFF indicator
- Low fuel level warning light
- ESC (Electronic Stability Control) indicator
- Cruise SET indicator
- Cruise indicator
- Malfunction indicator light
- Tail light indicator
- Front fog light indicator
- Engine coolant temperature warning light
- ECO ECO indicator

INSTRUMENT PANEL ILLUMINATION

Rotate the illumination control knob to adjust the brightness.

TRIP COMPUTER

Press the TRIP button to select function as follows:

- Tripmeter
- Distance to empty
- Average fuel economy
- Elapsed time
- Average speed
- Instant fuel consumption
DEFROSTING / DEFOGGING

1. Set the air flow control to the defrost air position.
2. Set the temperature control to the warmest position.
3. Set the fan speed to the highest position.

NOTE
To reduce tendency of the glass fogging and also to improve visibility, keep the interior surface of the windshield clean by wiping it with a clean cloth and glass cleaner.

AIR INTAKE CONTROL

- Outside (fresh) air position
- Recirculated air position

MODE SELECTION

Change the direction of the air flow as follows:
- Face Level
- Bi Level
- Floor Level
- Floor/Defrost Level
- Defrost Level

REAR WINDOW DEFROSTER

Press to activate/deactivate the rear defroster.
Cruise Control

To Set a Cruising Speed
1. Press CRUISE button and the CRUISE indicator will illuminate in the instrument cluster. Accelerate to desired cruising speed (above 25 mph).
2. Toggle SET - button down and remove your foot from the accelerator pedal.

To Accelerate or Decelerate
Toggle RES + button up to increase set cruising speed.
Toggle SET - button down to decrease set cruising speed.

To Cancel Cruising Speed
Press CANCEL button, or depress brake pedal, or press CRUISE button  

Audio Control

A VOLUME
Raises or lowers speaker volume.
B MODE
(Press and hold to turn Audio On/OFF)
Change the audio source.
C SEEK/PRESET
Change station

Please refer to your Owner’s Manual for more detailed information on how to use your audio system.
Complimentary XM® subscription ends three months following the vehicle date of sale.
Please contact XM® Radio at 1-800-XM-RADIO (1-800-967-2346) to renew your XM® subscription.

Bluetooth Control

A VOLUME
Raises or lowers speaker volume.
B TALK
Activates voice recognition.
C CALL
Places and transfers calls.
D END
Ends calls or cancels functions.

*Bluetooth is a wireless technology that allows multiple devices to be connected in a short range, low powered devices like hands-free, stereo headset, wireless remocom, etc. For more information, visit the website at www.bluetooth.com
BLUETOOTH OPERATIONAL TIPS

In the following situations you or the other party may have difficulty hearing each other:
1. Keep the Bluetooth volume to a low level. High level volume may result in distortion and echo.
2. When driving on a rough road, high speeds and/or with the window open.
3. When the air conditioning vents are facing the microphone and/or when the air conditioning fan is at the max speed.

Steering wheel bluetooth control

To Answer a Call:
- Press \( \text{ } \) button on the steering wheel.

To Reject a Call:
- Press \( \text{ } \) button on the steering wheel.

To Adjust Ring Volume:
- Use the VOLUME buttons on the steering wheel.

To Transfer a Call to the Phone (Secret Call):
- Press and hold \( \text{ } \) button on the steering wheel until the audio system transfers a call to the phone.

To Finish a Call:
- Press \( \text{ } \) button on the steering wheel.

Making a call using voice recognition:

The menu tree identifies available voice recognition Bluetooth® functions.

**Calling by Name:**
1. Press \( \text{ } \) button.
2. Say the following command:
   - \( \text{Call } \) \( \text{<Name>}: \) Connects the call to John.
3. \( \text{Call } \) \( \text{<Name>} \) on \( \text{<Mobile/Home/Office>}: \) Connects the call to John's Mobile, Home, or Office phone number.

**Dialing by Number:**
1. Press \( \text{ } \) button.
2. Say “Call”.
3. Say “By number” when prompted.
4. Say desired phone numbers.
5. Say “Dial” to complete the number and make a call.

For complete list of commands, refer to your Owner’s Manual.

VOICE RECOGNITION TIPS

Your vehicle is equipped with Voice Recognition technology which allows drivers to operate their phones without having to take their eyes off the road to minimize distractions.

Voice recognition performance may be affected if driving with windows and sun roof open; when the heating-cooling system is on; when passing a tunnel or when driving on rugged and uneven roads.

Quick reference on using voice commands

To start voice command, Press the \( \text{ } \) key, the following commands are available:

<table>
<thead>
<tr>
<th>Command</th>
<th>Function</th>
</tr>
</thead>
<tbody>
<tr>
<td>More Help</td>
<td>Provides guidance on commands that can be used anywhere in the system</td>
</tr>
<tr>
<td>Help</td>

</tbody>
</table>
BLUETOOTH PHONE PAIRING

Pairing tutorials, phone compatibility and Operational tips can be found through the Smart QR code using the QR reader application on your Smartphone.

Phone setup (pairing phone) with Audio

1. Push the PHONE button A.
2. Select “Phone” item by rotating the TUNE knob B, then press TUNE knob C to select.
3. Select “Pair” by rotating the TUNE knob B, then press TUNE knob C.
4. Enable Bluetooth on your mobile phone. Select ACCENT from the Bluetooth device list on your mobile phone.
5. Input passkey displayed on the screen.
6. After pairing is completed, your phone may start to transfer phone/contact list to the audio system.
   - This process may take a few minutes depending on the phone model and number of entries in the phone/contact list.
   - Some phones may request approval to download phone/contact list to the audio system. (If approval is not granted, the phone may frequently disconnect or not download phone/contact list.)

NOTE
Vehicle must be parked to complete pairing process.
- The phone will pair if the ignition is set to ACC or ON.
- If standing outside and the ignition is set to ACC or ON, the phone may pair depending on the phone radio frequency.

Press POWER button A to turn radio on.

- TUNING / LISTENING TO CHANNELS
  1. Press RADIO B.
  2. Rotate TUNE knob C to desired channel.

NOTE
A clear view of the southern sky is recommended to ensure XM® radio reception.

- SETTING PRESET MEMORY BUTTONS (FM/AM/XM®)
  Press and hold any preset button (1-6) until audible beep is heard to store current channel.

- ADJUSTING THE SOUND CONTROL
  1. Press TUNE knob C to select.
  2. Select “Bass / Mid / Tre / Fad / Bal” by rotating TUNE knob C, then press TUNE knob C to select.
  3. Rotate TUNE knob C to adjust, then press TUNE knob C.
  4. Press TUNE knob C when done.

Please refer to your Owner’s Manual for more detailed information on how to use your audio system.
Complimentary XM subscription ends three months following the vehicle date of sale. Please contact XM Radio at 1-800-XM-RADIO (1-800-967-2346) to renew your XM subscription.
AUX, USB and iPod PORT

Use the jack to connect an external audio device and listen to it through the audio system speakers in your vehicle.

iPod® is a trademark of Apple Inc.

CLOCK ADJUSTMENT

With Radio off
1. Press and hold the SETUP button until the clock blinks.
2. Rotate the TUNE knob to adjust.
3. Press TUNE knob when done.

AUTOMATIC TRANSMISSION

( ): Depress the brake pedal when shifting.
( ): The shift lever can be moved freely.

Sport mode
Move the shift lever from D to the right gate to select.
Move the shift lever forward (+) to upshift or rearward (−) to downshift.

MANUAL TRANSMISSION

Shifting into Reverse
1. Fully depress the clutch pedal.
2. Ensure shifter is in Neutral.
3. Press the reverse lock-out button and shift left to Reverse.

NOTE
Only use reverse lock-out button to shift into Reverse gear.
ELECTRONIC STABILITY CONTROL (ESC)

The ESC system is an electronic system designed to help the driver maintain vehicle control under adverse conditions.

- To turn the ESC off, press the ESC OFF button.
- To turn ESC on, press it again.
- System defaults to ON position at start.

ACTIVE ECO SYSTEM

Active ECO system helps to improve fuel efficiency. When the Active ECO system is activated, the vehicle acceleration, gear shift points and air conditioning performance will be reduced to conserve the fuel consumption.

Press the Active ECO button to activate. The LED on the button and the ECO indicator in the instrument cluster will illuminate.

Press again to deactivate.

Active ECO on – For optimal fuel efficiency
Active ECO off – For optimal performance and drivability.

When Active ECO system is activated, the behavior of the vehicle will change to a suppressed acceleration and delayed gear shifts under part throttle operation.

ECO shift (manual transmission)

▲ or ▼ symbol is displayed along with the recommended gear number, which indicates you should upshift or downshift for higher fuel efficiency.

To improve your fuel efficiency:
- Drive smoothly and accelerate at a moderate rate.
- Avoid heavy accelerations.
- Maintain steady cruising speed.
- Adjust the vehicle speed to the traffic condition and avoid speed changes.
- Avoid unnecessary braking.
- Keep the tires inflated to the recommended tire pressure.
- Don’t idle the engine longer than necessary.

KEY WEBSITES

Hyundai website - www.hyundai.com
Hyundai owner website - www.myhyundai.com
Bluetooth phone compatibility - www.hyundausa.com/bluetooth

TIRE PRESSURE MONITORING SYSTEM (TPMS)

LOW TIRE PRESSURE INDICATOR
Illuminates if one or more of your tires is significantly under-inflated.

TPMS MALFUNCTION INDICATOR
Blinks for approximately one minute then remains illuminated if there is a malfunction with the TPMS system. Have the system checked by an authorized Hyundai dealer.

NOTE
Tire pressure may vary in colder temperatures causing the low tire pressure light ( ¡ ) to illuminate.
