*Check the engine oil regularly between recommended oil change. Hyundai recommends Quaker State oil.

See Owner’s Manual for details.

Looking for more detailed information? This Quick Reference Guide does not replace your vehicle’s Owner’s Manual. If you require additional information or are unsure of a specific issue, you should always refer to the vehicle’s Owner’s Manual or contact your authorized Hyundai dealer.

This information contained in this Quick Reference Guide was correct at the time of printing; however, specifications and equipment can change without notice. No warranty or guarantee is being extended in this Quick Reference Guide, and Hyundai reserves the right to change product specifications and equipment at any time without incurring obligations. Some vehicles are shown with optional equipment. Specifications apply to U.S. vehicles only. Please contact your Hyundai dealer for current vehicle specifications.
Use this Quick Reference Guide to learn about the features that will enhance your enjoyment of your Hyundai. More detailed information about these features is available in your Owner’s Manual.

WARNING!
To reduce the risk of serious injury to yourself and others, read and understand the important SAFETY INFORMATION in your Owner’s Manual.
REMOTE KEYLESS ENTRY

- Lock
- Unlock
- Tailgate unlock (Press and Hold)
- Alarm

Mechanical key
Press and hold the release button and remove the key.

Driver’s door Lock / Unlock
Smart key must be within range.

Press:
Once – Unlock driver door
Twice – Unlock all doors
Third – Lock all doors

FOLDING KEY

Unfolding key
Press button A to unfold key.

- Lock
- Unlock
- Tailgate unlock (Press and Hold)
- Alarm

FRONT SEAT ADJUSTMENT (Manual)

- Forward/backward
- Seat cushion height (for driver’s seat)
- Seatback angle
- Lumbar support

FRONT SEAT ADJUSTMENT (POWER)

- Forward / backward
- Seat cushion height
- Seatback angle
- Lumbar support (for driver’s seat)
**GETTING STARTED**

**SANTA FE 0504 HYUNDAI**

---

**FEATURES AND CONTROLS**

**NOTE**
After adding fuel, always reinstall the fuel cap onto the filler neck by rotating it clockwise until it clicks one time.

**HEADREST ADJUSTMENT**

**To Raise Headrest:**
Pull headrest up.

**To Lower Headrest:**
Press lock button while pressing down on headrest.

**To Adjust Headrest Forward:**
Pull forward to 1 of 3 positions

**To Adjust Backward:**
Press lock button and push headrest backwards.

**SEAT BELT ADJUSTMENT** *(Front seat)*

- Pull up to raise.
- Press button and push down to lower.

**REAR SEAT FOLDING**

**2nd row seat**

**From cargo area (2nd row seat)**

**3rd row seat**

**Rear center seatback (2nd row seat)**

**STEERING WHEEL ADJUSTMENTS**

**Tilt**

- **NOTE** Do not adjust while driving.

1. Pull the lever A down to release.

2. Set the angle B and distance C.

3. Pull the lever up to lock.

**Telescopic**

**FUEL FILLER LID**

- **NOTE** After adding fuel, always reinstall the fuel cap onto the filler neck by rotating it clockwise until it clicks one time.

**SEAT BELT ADJUSTMENT** *(Front seat)*

- Pull up to raise.
- Press button and push down to lower.

**DRIVER POSITION MEMORY SYSTEM**

**Storing**

1. Adjust the driver’s seat position, outside rearview mirror position and instrument panel illumination intensity.

2. Press the SET button. The system will beep once.

3. Press one of the memory buttons (1 or 2) within 5 seconds. The system will beep twice.

**Recalling**

Press the desired memory button (1 or 2). The system will beep once.

**NOTE** Transmission must be in P (Park).
FEATURES AND CONTROLS

HEADLIGHTS AND FOG LIGHTS

Parking light position
Auto light position
DRL OFF position

Headlight delay
Headlights may stay on for 15 seconds after exiting and locking vehicle. Press remote lock button twice to turn headlights off. See Owner's Manual for more detail.

NOTE
To turn off high beam, pull the lever towards you.

Smart High Beam Function
1. Select auto position on stalk.
2. Push lever forward to engage Auto High beam.
3. Push lever forward again to disengage.

**HOME LINK WIRELESS CONTROL SYSTEM**

**Standard Programming**

To train most devices, follow these instructions:

1. For first-time programming, press and hold the two outside buttons, HomeLink® Channel 1 and Channel 3 Buttons, until the indicator light begins to flash (after 20 seconds). Release both buttons. Do not hold the buttons for longer than 30 seconds.

2. Position the end of your hand-held transmitter 1-3 inches (2-8 cm) away from the HomeLink® buttons while keeping the indicator light in view.

3. Simultaneously press and hold both the HomeLink® and hand-held transmitter button. DO NOT release the buttons until step 4 has been completed.

4. While continuing to hold the buttons the red indicator Status LED will flash slowly and then rapidly after HomeLink® successfully trains to the frequency signal from the hand-held transmitter. Release both buttons.

For detail instructions, refer to your Owner’s Manual or visit www.homelink.com.
### FEATURES AND CONTROLS

#### INSTRUMENT PANEL ILLUMINATION
Move the control knob left or right to adjust the brightness.

- Electric Power Steering (EPS) warning light
- Engine coolant temperature warning light
- Low Tire Pressure Warning Light/TPMS system malfunction light
- AWD warning light
- ECO indicator
- High beam indicator
- AWD LOCK indicator
- Downhill Brake Control (DBC) indicator
- SPORT Mode indicator light (if equipped)

**Turn signal indicators**

- Warning and indicator lights
- Engine temperature gauge
- Tachometer
- Speedometer
- Fuel gauge

**TRIP COMPUTER**

Select “Trip Computer” mode by pressing the MODE button. To change the trip mode as follows, press the MOVE button.

**TRIP A**
- Tripmeter [A]
- Average Vehicle Speed [A]
- Elapsed Time [A]

**TRIP B**
- Tripmeter [B]
- Average Vehicle Speed [B]
- Elapsed Time [B]

**FUEL ECONOMY**
- Distance To Empty
- Average Fuel Economy
- Instant Fuel Economy

**INSTRUMENT PANEL ILLUMINATION**

Move the control knob left or right to adjust the brightness.
Type A, B

1. Air conditioning button
2. Driver's temperature control button
3. Mode selection button
4. Air intake control buttons

AUTOMATIC HEATING AND COOLING

1. Press the AUTO button.
2. Set the driver's temperature control to the desired setting.

The modes, fan speeds, air intake, and air-conditioning will be controlled automatically according to the temperature setting.

NOTE
To reduce tendency of the glass fogging and also improve visibility, keep the interior surface of the windshield clean by wiping it with a clean cloth and glass cleaner. In addition, select air intake control to the outside (fresh) air position whenever possible while operating the vehicle.

DEFROSTING / DEFOGGING

1. Press the front windshield defrost button.
2. Set the temperature control towards warmer setting.
3. Set the fan speed to the highest setting.

System Off Mode
Pressing the OFF button will place the system in the off mode.
- Front blower will turn off.
- Outside (fresh) air position selected.
- Vented air at last set temperature.

Type C

1. Sync temperature control selection button
2. Passenger's temperature control button
3. 3rd row blow temperature control knob
4. 3rd row mode selection button
5. 3rd row temperature control knob

SYSTEM OFF MODE
Pressing the OFF button will place the system in the off mode.
- Front blower will turn off.
- Outside (fresh) air position selected.
- Vented air at last set temperature.

NOTE
To reduce tendency of the glass fogging and also improve visibility, keep the interior surface of the windshield clean by wiping it with a clean cloth and glass cleaner. In addition, select air intake control to the outside (fresh) air position whenever possible while operating the vehicle.

DEFROSTING / DEFOGGING

1. Press the front windshield defrost button.
2. Set the temperature control towards warmer setting.
3. Set the fan speed to the highest setting.

The auto defogging system automatically controls moisture of the windshield inside while the climate control system is operating. This indicator illuminates when the auto defogging system senses the moisture of inside the windshield and has activated.

AIR INTAKE CONTROL
Type A
- Recirculated air position
Type B
- Outside (fresh) air position

SYNC BUTTON
Type A
Press the SYNC button to operate the driver and passenger side temperature individually.
Type B
Press the SYNC button to operate the driver and passenger side temperature individually.

MODE SELECTION
Changing the direction of the air flow as follows:
- Floor & Defrost
- Floor Level
- Bi-Level
- Face Level
CRUISE CONTROL/SMART CRUISE CONTROL

The Cruise Control system allows you to program the vehicle to maintain a constant speed without holding the accelerator pedal.

1. Turn On/Off the Cruise Control.
2. Resume or Increase the Cruise Control speed.
3. Set or Decrease the Cruise Control speed.
4. Cancel the Cruise Control.

Setting Vehicle Distance (Smart Cruise Control only)

This system assists you in setting the distance from the vehicle ahead and will maintain the selected distance without you depressing the accelerator or the brake pedal.

The vehicle to vehicle distance will automatically activate when you set the cruise speed.

Each time the vehicle distance set button is pressed, the vehicle to vehicle distance changes as follows:

Distance 1 ← Distance 2 ← Distance 3 ← Distance 4

If your vehicle is equipped with Advanced Smart Cruise Control and you wish to eliminate the vehicle distance function, you can change cruise control setting to a standard setting.

Press the Cruise Control button on the steering wheel to turn on Cruise Control. Then press and hold the vehicle distance button for more than 2 seconds to toggle between Smart Cruise Control (SCC) and Cruise Control (CC) mode.

Please refer to your Owner’s Manual for more information.

Audio control

1. VOLUME
   Raises or lowers speaker volume.
2. SEEK/PRESET
   Press to change presets. Press and hold to seek stations.
3. MODE
   Change the audio source. Hold to turn Audio power on/off.
4. MUTE
   Mute the sound. Turn off the microphone during a call.

Bluetooth control

1. VOLUME
   Raises or lowers speaker volume.
2. MUTE
   Mute the sound.
3. TALK
   Activates voice recognition.
4. CALL
   Places and transfers calls.
5. END
   Ends calls or cancels functions.
**BLUETOOTH OPERATIONAL TIPS**

In the following situations you or the other party may have difficulty hearing each other:

1. Keep the Bluetooth volume to a low level. High level volume may result in distortion and echo.
2. When driving on a rough road, high speeds and/or with the window open.
3. When the air conditioning vents are facing the microphone and/or when the air conditioning fan is at the max speed.

**Steering wheel bluetooth control**

1. **VOLUME**
   - Raises or lowers speaker volume.
2. **MUTE**
   - Mute the microphone during a call.
3. **TALK**
   - Activates voice recognition.
4. **CALL**
   - Places and transfers calls.
5. **END**
   - Ends calls or cancels functions.

To redial previously dialed number, press and hold 5.

**To Answer a Call:**
- Press button on the steering wheel.

**To Reject a Call:**
- Press button on the steering wheel.

**To Adjust Ring Volume:**
- Use the VOLUME buttons on the steering wheel.

**To Transfer a Call to the Phone (Private Call):**
- Press and hold button on the steering wheel until the audio system transfers a call to the phone.

**To Finish a Call:**
- Press button on the steering wheel.

---

**VOICE RECOGNITION TIPS**

Your vehicle is equipped with Voice Recognition technology which allows drivers to operate their phones without having to take their eyes off the road to minimize distractions.

Voice recognition performance may be affected if driving with windows and sun roof open; when the heating-cooling system is on; when passing in a tunnel or when driving on rugged and uneven roads.

Quick reference on using voice commands

To start voice command, Press the key, the following commands are available:

<table>
<thead>
<tr>

<td>Dial Number</td>
<td>Display the Dial number screen. After saying this command, you can say the number what you want to call.</td>
</tr>
</tbody>
</table>
BLUETOOTH PHONE PAIRING
Pairing tutorials, phone compatibility and Operational tips can be found through the Smart QR code using the QR reader application on your Smartphone.

BLUETOOTH PHONE OPERATION
Vehicle must be in Park to complete the pairing process.

Phone setup (Pairing phone) with Display Audio and Navigation
1. Press PHONE button.

2. Search for car name from the bluetooth list from your phone and pair device.

3. Input the passkey. (The initial passkey is 0000.)

4. Bluetooth® becomes connected.

NOTE
After pairing is completed, transfer of the contact list to the audio system will begin (if your phone is supported).

BLUE LINK TELEMATICS SYSTEM

Blue Link subscription is required. To enroll, please visit your dealership or MyHyundai.com.

Press the button for access to the voice-response menu of services.
- You can say:
  Service Link
  Roadside Assistance
  Blue Link Account Services
  Help
  Cancel

Press the button for Destination Search Powered by Google™.
- For vehicle equipped with factory-installed navigation systems.

Press the SOS button for SOS Emergency Assistance.

Visit HyundaiBlueLink.com for more information or refer to your Blue Link User’s Manual for detailed information on system operation.

For immediate assistance with subscription services, please call 1-855-2BLUELINK (1-855-225-8354).

Google™ is a registered trademark of Google, Inc.
MyHyundai with Blue Link App

You can download the Blue Link mobile app to your compatible smart phone from the following sites:

- iPhone® — Apple® App Store
- Android™ — Google Play™

Visit HyundaiBlueLink.com FAQs to see a list of compatible devices.

Remote Start

Remote Start enables you to remotely start your vehicle from virtually anywhere. For vehicles equipped with full-automatic temperature control, you can also enable climate control remotely and turn on the front window defroster, ensuring a warm or cool car is ready to go when you are.

- To use this feature, you must have a Blue Link Personal Identification Number (PIN). To create or change your PIN, log on to www.MyHyundai.com.

Remember:

- Remote Start will automatically shut off after 10 minutes or after selected engine timer runs out.
- While this feature is active, the parking lights will blink until vehicle is turned off or when vehicle is in operation.
- To continue operation of the vehicle, the proximity key must be inside the vehicle with the driver prior to pressing the brake and being able to move the gearshift from the P (Park) position.

NOTE Remote Start is not available on all models. Remote Start is only available for Push Start equipped vehicle with an Automatic Transmission.

Preconditions:

- Ignition is OFF
- Alarm is armed (i.e., vehicle locked by key fob Remote Door Lock)
- Gearshift level is in the P (Park) position
- Brake pedal is not depressed
- Engine hood is securely closed
- All the doors are closed and locked
- The tailgate or trunk lid is closed
- The security/panic system is not activated
- The proximity key is not inside the vehicle
- The battery power is not low
- Vehicle is located in an open area
- It has been less than 4 days since last vehicle ignition off
- Vehicle located in area with good cell reception

Remote Start will terminate:

- After 10 minutes or after selected engine timer runs out
- Brake is pressed without proximity key inside vehicle
- Alarm is triggered without proximity key inside vehicle
- Door/trunk is opened from inside the vehicle

Notice: Laws in some communities may restrict the use of the features that remotely start the engine. For example, some laws may require a person using the remote start feature to have the vehicle in view when doing so or limit the length of time a vehicle engine may idle. Please check local and state regulations for any requirements and restrictions on remote starting of vehicles and engine idling time.

WARNING!

Do not remote start vehicle in an enclosed environment (i.e., closed garage). Prolonged operation of a motor vehicle in an enclosed environment can cause a harmful build-up of carbon monoxide. Carbon monoxide is harmful to your health. Exposure to high levels of carbon monoxide can cause headaches, dizziness or in extreme cases unconsciousness and/or death. Do not leave children or animals unattended in a vehicle while using the remote start function.

CAUTION!

If the vehicle’s windshield wipers are left on when the vehicle was last driven, then the wipers will turn on if the remote start function is activated. To avoid damage to the wiper blades (i.e., due to heavy ice or snow accumulated on the windshield), please always turn the vehicle’s windshield wipers off when parking the vehicle.
AUDIOMULTIMEDIA

Display Audio

Press POWER button A to turn radio on.

• TUNING/LISTENING TO CHANNELS
  1. Press BAND button B on screen to select FM/AM/SiriusXM®.
  2. ROTATE TUNE knob C to desired channel.

NOTE A clear view of the southern sky helps ensure SiriusXM® radio reception.

• SETTING PRESET MEMORY BUTTONS
  Press and hold any preset button D on the screen until an audible beep is heard to store current channel.

• ADJUSTING THE SOUND CONTROL
  1. Press the SETUP button E and press the SOUND button on screen to display the Sound Settings screen.
  2. Touch on-screen arrows to adjust desired setting.

AUX, USB, AND iPod® PORT

Use the jack to connect an external audio device and listen to it through the audio system speakers in your vehicle.

NAVIGATION

Audio mode

Press POWER button A to turn radio on.

• TUNING/LISTENING TO CHANNELS
  1. Press BAND button B on screen to select FM/AM/SiriusXM®.
  2. ROTATE TUNE knob C to desired channel.

NOTE A clear view of the southern sky helps ensure SiriusXM® radio reception.

• SETTING PRESET MEMORY BUTTONS
  Press and hold any preset button D on the screen until an audible beep is heard to store current channel.

• ADJUSTING THE SOUND CONTROL
  1. Press the SETUP button E and press the SOUND button on screen to display the Sound Settings screen.
  2. Touch on-screen arrows to adjust desired setting.
Basic features on the map screen

1. Move to the Home Screen
2. Change the map view mode
3. Voice Guidance On/Off
4. Zoom in the map
5. Set the zoom level automatically according to the guidance
6. Zoom out the map
7. Quick and easy selection of a destination and options

Basic features on the map screen

1. Set destination by address search.
2. Select from previously inputted addresses and POI’s.
3. Search POI Name to search the destination.
4. Runs Google Local Search.
5. Select the desired item in the sub-categories.
6. Search and select the desired destination among the searched items.
7. Search the destination with the address book.
8. Search and select the desired destination among the searched items.
9. Search destination by phone number.
10. Type freeway name and exit/entrance to search.
11. Type the Street name, the State, and city name to search.
12. Type coordinates to search.
13. View the vehicle’s current position on the map screen.
ANDROID AUTO™

REQUIREMENTS:
- Micro USB cable
- OS Android™ 5.0 or higher
- Compatible Android Phone
- Data and wireless plan for applicable features

BEFORE YOU BEGIN:
- Android Auto features may operate differently than on your phone.
- Message and data charges may apply when using Android Auto.
- Android Auto relies on the performance of your phone. If you experience performance issues:
  - Close all apps and then restart them or
  - Disconnect and then reconnect your phone
- Using the micro USB cable that was provided with your phone is recommended.
- When Android Auto is active, your in-vehicle voice recognition system is disabled and you will be using talk to Google™ to make your requests.

PHONE SETUP

Turn on Bluetooth® on your phone and connect the micro USB cable to your phone and the USB port on the vehicle.

Phone will prompt you to download the Android Auto app and update other needed apps (i.e. Google Maps™, Google Play Music™, Google Now™).

NOTE: Vehicle must be parked.
- Location mode setting should be set to High accuracy.
- Car and phone setup should be completed in one sitting. If phone setup needs to be resumed, recommend to Force Stop the Android Auto app on the Phone then reopen the app and accept the Disclaimer notifications.

CAR SETUP

1. Press the SETUP button on the radio.
2. Touch the “Connectivity” icon on screen.
4. Connect your Android phone to the vehicle USB port. Agree to the notification and disclaimers on your phone then the “Android Auto” icon will appear confirming the setup.

For more detailed information on how to operate Android Auto, please refer to your navigation manual.

For additional Android Auto support, please refer to the Android Auto Support Website
https://support.google.com/androidauto/

Android Auto, Google Play, Android, and other marks are trademarks of Google Inc.
APPLE CARPLAY™

REQUIREMENTS
- Apple Lightning® cable
- Latest iOS
- iPhone® 5 or above
- Data and wireless plan for applicable features

BEFORE YOU BEGIN
- Apple® CarPlay features may operate differently than on our phone.
- Message and data charges may apply when using Apple CarPlay.
- Apple CarPlay relies on the performance of your phone. If you experience performance issues:
  - Close all apps and then restart them or
  - Disconnect and then reconnect your phone
- Using the Apple Lightning cable that was provided with your phone is recommended.
- When Apple CarPlay is active, your voice recognition system is disabled and you will be using Siri® to make your requests.

PHONE SETUP
On your phone, go to Settings > General > Restrictions > CarPlay to allow CarPlay access.
On your phone, go to Settings > General > Siri and ensure Siri is turned ON.

CAR SETUP
1. Press the SETUP button.
2. Touch the “Connectivity” icon on the screen.
3. Touch “iOS” on the Connectivity Settings screen then touch “On” to enable Apple CarPlay.
4. Connect your Apple iPhone to the vehicle USB port then touch “OK” when the pop-up message appears. The Apple CarPlay icon will now appear on the vehicle Home screen confirming the setup.

Apple CarPlay, Apple, and other marks are trademarks of Apple Inc.
Apple CarPlay uses Siri to perform many actions like sending messages, placing calls, and looking up/setting POI/Destinations. A Siri session can be initiated on any screen by:
1. Touch and holding the HOME icon on the CarPlay screen or
2. Press the steering wheel VOICE RECOGNITION button.

Note: Ensure Siri feature is set to ON in your phone (Go to Settings > General > Siri).

3. Say any of the following commands;
   • “Text <John Smith> ‘Call you later’” to send a text message.
   • “Read text messages” to read available text message.
   • “Call <John Smith>” to make a phone call.
   • “Find <POI/Destination>” to locate a POI/Destination.

PHONE
Touch the PHONE icon to access the Phone screen. Siri will automatically asks “Who you would like to call” when the PHONE icon is selected.

NOTE: Phone call sound quality is dependent on the wired connection. Using the Lightning cable that came with the phone is recommended.

APPLE MUSIC
Touch the APPLE MUSIC icon to access the Apple Music screen.

APPLE MAPS
Touch the APPLE MAPS icon to access the Apple Map screen.

MESSAGES
Touch the MESSAGES icon to access the Message screen. Siri will automatically asks “To hear unread messages or create a new one” when the MESSAGE icon is selected.

3rd PARTY APPS
Supported CarPlay apps that are downloaded on your phone will appear on the CarPlay screen. Touch the apps icons to access those supported apps.

NOTE: A list of the supported CarPlay supported apps can be found at http://www.apple.com/ios/carplay/

Ensure phone has latest version of the 3rd Party Apps.
CLOCK ADJUSTMENTS

With Display Audio

Press SETUP button A and press the on-screen CLOCK button. Press on-screen arrows to adjust the time and date.

With Navigation

Press SETUP button A and press the on-screen CLOCK button. Enable GPS Time and the time and date will automatically set.

SEAT WARMER AND VENTILATED SYSTEM

Front seat

Push the upper portion of the switch to warm or the lower portion to cool.

Rear seat

Push the switch to warm the rear seat.

CHILD-PROOF REAR DOOR LOCK

Lock (🔒) Insert a key into the hole and turn it to the lock (🔒) position.

Unlock Insert a key into the hole and turn it counter clockwise to unlock position.
FEATURES AND CONTROLS

AUTOMATIC TRANSMISSION

- (DOWN)

+ (UP)

( ) : Depress the brake pedal and the lock release button when shifting.

( ) : The lock release button must be pressed while moving the shift lever.

( ) : The shift lever can be shifted without pressing the lock release button.

Sport mode
Move the shift lever from D (Drive) into the manual gate to select.
Move the shift lever forward (+) to upshift or rearward (–) to downshift.

TIRE PRESSURE MONITORING SYSTEM (TPMS)

LOW TIRE PRESSURE INDICATOR
Illuminates if one or more of your tires is significantly under-inflated.

TPMS MALFUNCTION INDICATOR
Blinks for approximately one minute, then remains illuminated when there is a malfunction with the TPMS system. Have the system checked by an authorized Hyundai dealer.

NOTE
When the low tire pressure indicator is illuminated, inflate tire to proper tire pressure as soon as possible. Tire pressure may vary in colder temperatures, causing the low tire pressure indicator to illuminate.
FEATURES AND CONTROLS

ELECTRONIC STABILITY CONTROL (ESC)

The ESC system is an electronic system designed to help the driver maintain vehicle control under adverse conditions.

Press \( \text{A} \) to turn ESC on/off.

**NOTE**

It is recommended to always have the ESC system ON.

DRIVE MODE INTEGRATED CONTROL SYSTEM

You can select the drive mode according to your preference or the road condition.

The system initializes to the NORMAL mode (except ECO mode) after the engine has been turned off and on.

Each time you press the button, the drive mode is changed as follows:

- Normal
- Sport
- ECO

Normal mode is not displayed on the instrument cluster.

**Normal mode**

Normal mode provides regular daily driving performance with some fuel efficiency. When Normal mode is selected, no indicator will illuminate on the instrument cluster.

**ECO mode**

Eco mode system helps to improve fuel efficiency. When the Eco mode system is activated, the vehicle acceleration, gear shift points and air conditioning performance will be reduced to conserve the fuel consumption.

**Sport mode**

Sport mode focuses on engaging driving dynamics by adjusting the steering feel along with the responsiveness of the engine and transmission.

ELECTRIC PARKING BRAKE (EPB)

Stop the vehicle then pull the EPB switch.

**Applying**

Move shift lever from P to R, N or D while depressing the brake pedal.

**Releasing**

Press the EPB switch while depressing the brake pedal.

**NOTE:** If necessary, emergency braking is possible by pulling and holding the EPB switch.

AUTO HOLD

The Auto Hold feature assists in steep hill areas. It holds the brake until the accelerator pedal is pressed.

1. Press the AUTO HOLD switch.

**WHITE AUTO HOLD**

2. Stop the vehicle by pressing the brake pedal. The brakes will remain engaged even if the brake pedal is released.

**GREEN AUTO HOLD**

3. The brakes will release when the accelerator pedal is pressed with transmission in D, R or manual mode.

To cancel the AUTO HOLD operation, press the AUTO HOLD switch again.

**To improve your fuel efficiency:**

- Drive smoothly and accelerate at a moderate rate.
- Avoid heavy acceleration.
- Maintain steady cruising speed.
- Adjust the vehicle speed to the traffic condition and avoid speed changes.
- Avoid unnecessary braking.
- Keep the tires inflated to the recommended tire pressure.
- Don’t idle the engine longer than necessary.
AC 115V PLUG

1. Dashboard button must be switched on to use cargo area AC115V plug. Engine should be running when AC 115V plug is in use.
2. Rotate safety plate A on outlet for use.

MULTI-VIEW CAMERA SYSTEM

This parking support system displays an all-around view of the vehicle when parking. Press the switch to activate/deactivate the system.

Operating conditions
- The shift lever is in D, N, or R position with the ignition ON
- The vehicle speed is less than 12.4 mph

AUTONOMOUS EMERGENCY BRAKING (AEB)

The Autonomous Emergency Braking (AEB) system is designed to detect and monitor the vehicle ahead or detect a pedestrian in the roadway and warn the driver if a collision is imminent.

To operate the system, select the AEB (Autonomous Emergency Braking) in the LCD cluster display under User Settings. Please refer to your Owner’s Manual for further information.

LANE DEPARTURE WARNING SYSTEM (LDWS)

The Lane Departure Warning System detects the lane on the road and warns the driver if the vehicle leaves the lane when the vehicle speed is over 37 mph.

- To turn LDWS on, press the LDWS switch
- To turn LDWS off, press the switch again.
**REARVIEW CAMERA**

The rearview camera will activate when the ignition switch is ON and the shift lever is in the R (Reverse) position.

---

**BLIND SPOT DETECTION SYSTEM (BSD)**

The BSD system sensor senses the rear side territory of the vehicle and provides information to the driver. If vehicle speed exceeds 9mph, the system will activate. Press the switch again to deactivate the system.

- **Blind spot detection (BSD)**
  Warning range is dependent on your vehicle speed. However, if your vehicle speed differences is 9 mph above other vehicles, the warning is not active.

- **Lane change assist (LCA)**
  When a vehicle is approaching at high speed, the warning is not active.

- **Rear Cross-traffic Alert (RCTA)**
  When your vehicle moves (below 6mph) in Reverse, the sensor detects the approaching vehicles and the warning is active.
