*Check engine oil regularly between recommended oil change. Hyundai recommends Quaker State oil. If TOP TIER Detergent Gasoline is not available, one bottle of additive is recommended. Additives are available from your authorized Hyundai dealer along with information on how to use them. Do not mix other additives.

Looking for more detailed information? This Quick Reference Guide does not replace your vehicle’s Owner’s Manual. If you require additional information or are unsure of a specific issue, we recommend that you always refer to the vehicle’s Owner’s Manual or contact your authorized Hyundai dealer. HYUNDAI VEHICLE OWNER PRIVACY POLICY

Your Hyundai vehicle may be equipped with technologies and services that use information collected, generated, recorded or stored by the vehicle. Hyundai has created a Vehicle Owner Privacy Policy to explain how these technologies and services collect, use, and share this information.

You may read our Vehicle Owner Privacy Policy on the Hyundaiusa.com website at [https://www.hyundaiusa.com/owner-privacy-policy.aspx](https://www.hyundaiusa.com/owner-privacy-policy.aspx). If you would like to receive a hard copy of our Vehicle Owner Privacy Policy, please contact our Customer Connect Center at:

Hyundai Motor America
Hyundai Customer Connect Center
P.O. Box 20850
Fountain Valley, CA 92728-0850
800-633-5151 consumeraffairs@hmausa.com

Hyundai’s Customer Connect Center representatives are available Monday through Friday, between the hours of 5:00 AM and 7:00 PM PST and Saturday and Sunday between 6:30 AM and 3:00 PM PST (English). For Customer Connect Center assistance in Spanish or Korean, representatives are available Monday through Friday between 6:30 AM and 3:00 PM PST.
WARNING!
To reduce the risk of serious injury to yourself and others, read and understand the important SAFETY INFORMATION in your Owner’s Manual.

Use this Quick Reference Guide to learn about the features that will enhance your enjoyment of your Hyundai. More detailed information about these features are available in your Owner’s Manual.

* Some vehicles may not be equipped with all the listed features.
REMOTE & SMART KEY

- Lock
- Unlock
- Trunk Unlock
- Panic

Driver’s door Lock / Unlock
Smart key must be within 28~40in. from the outside door handle.
Press:
- One time - Unlock driver door
- Two times - Unlock all doors
- Three times - Lock all doors

NOTE: User selectable option: Please see section 3 from Owner’s Manual for more details.

Removing the mechanical key
Slide and hold the release button A to remove the mechanical key.

To unfold the mechanical key, press the release button on the remote.

FRONT SEAT ADJUSTMENT (Manual)

1. Forward and Backward
2. Seat Height
3. Seatback Angle

HEADREST ADJUSTMENT

To Raise the Headrest:
Pull the headrest up.
To Lower the Headrest:
Press the lock button while pressing down on the headrest.

REAR SEAT FOLDING
SEAT WARMER (Front seat)

Each time you push the switch, the setting is changed as following:

- **OFF** → **HIGH**
- **LOW** ← **MEDIUM**

Seat warmer will default to “Off” once ignition is cycled off.

SEAT BELT ADJUSTMENT (Front seat)

1. Pull up to raise.
2. Press button and push down to lower.

SMART TRUNK

Smart Trunk
Trunk will open automatically when detecting smart key within the range near the trunk for over 3 seconds.

To enable Smart Trunk function:
Vehicle must be in P (Park) to adjust the settings in the User Settings mode.
1. Select “Door” in the User Settings in the instrument cluster.
2. Check “Smart Trunk”.

NOTE: Function is active after 15 seconds when all doors are closed and locked. The vehicle will also provide an audible and visual alarm while activating. Please refer to your Owner’s Manual for further information.

HEADLIGHTS

Type A
- Headlight Position
- Parking Light Position
- Auto Light Position
- OFF Position

Type B
- Headlight Position
- Parking Light Position
- DRL Position
- OFF Position

Type C
- Headlight Position
- Parking Light Position
- Auto Light Position
- DRL OFF Position

Headlight Delay
Headlights may stay on for 15 seconds after exiting and locking up the vehicle. Press the lock button on the remote key or smart key twice to turn off the headlights.

Turn Signals and Lane Change Signals

Flashing High Beam

High Beam

Fog light

NOTE: To turn off the high beam, pull the lever towards you.
INSTRUMENT CLUSTER

Type A

1. Tachometer
2. Speedometer
3. Engine coolant temperature gauge
4. Fuel gauge
5. Warning and indicator lights
6. LCD display (including Trip computer)

Type B

CLIMATE CONTROL

Manual

DEFOGGING / DEFROSTING
1. Select the defrost position.
2. Set the temperature control to the warmest setting.
3. Set the fan speed to the medium setting.

NOTE:
To reduce the tendency of the glass fogging and also to improve visibility, keep the interior surface of the windshield clean by wiping it with a clean cloth and glass cleaner. In addition, select air intake control to the outside (fresh) air position whenever possible while operating the vehicle.

AIR INTAKE CONTROL
Recirculated air position (LED on)
Outside (fresh) air position (LED off)

MODE SELECTION
Changes the direction of the air flow as following:

- Face-Level
- Bi-Level
- Floor-Level
- Floor & Defrost-Level
- Defrost-Level

REAR WINDOW DEFROSTER
Press to activate / deactivate the rear defroster.

Temperature control knob
Mode selection knob
Fan speed control knob
Air intake control button
Rear window defroster button
A/C (Air conditioning) button
DEFOGGING/DEFROSTING

1. Press the front windshield defrost control button.
2. Set the temperature control to the warmest setting.
3. Set the fan speed to the medium setting.

SYSTEM OFF

Pressing the OFF button will place the system to the OFF mode.
- Climate control fan will turn off.
- Outside (fresh) air position will be selected.
- Vented air will be at last set temperature.

NOTE:
To reduce the tendency of the glass fogging and also to improve visibility, keep the interior surface of the windshield clean by wiping it with a clean cloth and glass cleaner. In addition, select air intake control to the outside (fresh) air position whenever possible while operating the vehicle.

AUTOMATIC HEATING/AIR CONDITIONING

The modes, fan speeds, air intake and air conditioning will be controlled automatically by the temperature setting you select.

AIR INTAKE CONTROL

- Recirculated air position (LED on)
- Outside (fresh) air position (LED off)

MODE SELECTION

Changes the direction of the air flow as following:
BLUETOOTH PHONE OPERATION

Phone setup (pairing phone) with Audio (Type A)

1. Press the PHONE button in the head unit or CALL button in the steering wheel remote control.
2. Search for the device name as displayed on your mobile phone and pair.
3. Confirm the 6-digit passkey displayed on the audio screen and the Bluetooth device are identical.
4. Press OK in your Bluetooth device.
5. Pairing is complete.

NOTE: Vehicle must be parked to complete the pairing process.

Phone setup (pairing phone) with Audio (Type B)

1. Press the PHONE button in the head unit or CALL button in the steering wheel remote control.
2. Pair your car after your mobile phone detects the Bluetooth device.
3. Enter the passkey or accept the authorization popup.

NOTE: Vehicle must be parked to complete the pairing process.
STEERING WHEEL AUDIO CONTROL

1. **MUTE**
   Mutes the audio.

2. **MODE**
   Changes the audio source.

3. **VOLUME (VOL + / -)**
   Increases or decreases the volume.

4. **SEEK / PRESET ( ▲▼)**
   Changes the station.

**Bluetooth® PHONE CALL OPERATIONAL TIPS**

In the following situations you or the other party may have difficulty hearing each other:
1. Keep the Bluetooth® volume to a low level. High level volume may result in distortion and echo.
2. When driving on a rough road, high speeds and / or with the window open.
3. When the air conditioning vents are facing the microphone and / or when the air conditioning fan is at the max speed.

Steering wheel Bluetooth® control

1. **TALK**
   Activates voice recognition.

2. **CALL**
   Places and transfers calls.

3. **END**
   Ends calls or cancels functions.

**To Answer a Call:**
- Press the ⏴ button on the steering wheel.

**To Reject a Call:**
- Press the ✪ button on the steering wheel.

**To Adjust Ring Volume:**
- Use the VOLUME buttons on the steering wheel.

**To Transfer a Call to the Phone**
(Private call on handset – do not use while driving):
- Press and hold the ⏴ button on the steering wheel until the audio system transfers a call to the phone.

**To Finish a Call:**
- Press the ✪ button on the steering wheel.

Making a call using voice recognition:
Press ⏴ button on the steering wheel control to activate voice recognition.
Press and hold ⏴ button to end voice recognition.

**Calling by Name:**
1. Press the ⏴ button.
2. Say the following command:
   - “Call <John Smith>”: Connects the call to John.
   - “Call <John Smith> on <on Mobile / at Work / at Home / on Other>”: Connects the call to John’s Mobile, Work, Home, or Other phone number.

**Dialing by Number:**
1. Press the ⏴ button.
2. Say “Dial Number.”
3. Say the desired phone number.

For complete list of commands, refer to your Owner’s Manual.
VOICE RECOGNITION TIPS (if equipped)

Your vehicle is equipped with Voice Recognition technology which allows drivers to operate their phones without having to take their eyes off the road to minimize distractions.

Voice recognition performance may be affected if driving with windows and sun roof open; when the heating-cooling system is on; when passing in a tunnel or when driving on rugged and uneven roads.

Quick reference on using voice commands

To start voice command, press the key, the following commands are available:

<table>
<thead>
<tr>
<th>Command</th>
<th>Function</th>
</tr>
</thead>
<tbody>
<tr>
<td>Call</td>
<td>Displays downloaded Contacts.</td>
</tr>
<tr>
<td>Call &lt;Name&gt;</td>
<td>Calls &lt;Name&gt; saved in Contacts.</td>
</tr>
<tr>

BLUE LINK TELEMATICS SYSTEM

Blue Link subscription is required. To enroll, please visit your dealership or MyHyundai.com.

Press the button to access the voice-response menu of services.

- You can say:
  - Service Link
  - Roadside Assistance
  - Account Assistance
  - Help
  - Cancel

Press the button to launch Android Auto or Apple CarPlay if a supported device is connected.

Press the SOS button for SOS Emergency Assistance.

Visit HyundaiBlueLink.com for more information or refer to your Blue Link User’s Manual for detailed information on system operation.

For immediate assistance with subscription services, please call 1-855-2BLUELINK (1-855-225-8354).

Google™ is a registered trademark of Google, Inc.
Blue Link Mobile App

You can download the Blue Link mobile app to your compatible smart phone from the following sites:

- iPhone* — Apple® App Store
- Android™ — Google Play™

Visit HyundaiBlueLink.com FAQs to see a list of compatible devices.

Remote Start

Remote Start enables you to remotely start your vehicle virtually from anywhere. For vehicles equipped with full-automatic temperature control, you can also enable climate control remotely and turn on the front window defroster, ensuring a warm or cool car is ready to go when you are.

- To use this feature, you must have a Blue Link Personal Identification Number (PIN). To create or change your PIN, log in to www.MyHyundai.com.

Remember:

- Remote Start will automatically shut off after 10 minutes or after selected engine timer runs out in navigation vehicles.

- While this feature is active, the parking lights will blink until the vehicle is turned off or when vehicle is in operation.

- To continue to operate the vehicle, the proximity key must be inside the vehicle with the driver, prior to pressing the brake and being able to move the gearshift from the P (Park) position.

Preconditions:

- Ignition is OFF
- Alarm is armed (i.e., vehicle locked by key fob Remote Door Lock)
- Gearshift level is in the P (Park) position
- Brake pedal is not depressed
- Engine hood is securely closed
- All the doors are closed and locked
- The tailgate or trunk lid is closed
- The security / panic system is not activated
- The proximity key is not inside the vehicle
- The battery power is not low
- Vehicle is located in an open area
- It has been less than 4 days since last vehicle ignition off
- Vehicle located in area with good cell reception

Remote Start will terminate:

- After 10 minutes or after selected engine timer runs out in navigation vehicles
- Brake is pressed without the proximity key inside the vehicle
- Alarm is triggered without the proximity key inside the vehicle
- Door / trunk is opened from inside the vehicle

Notice: Laws in some communities may restrict the use of the features that remotely start the engine. For example, some laws may require a person using the remote start feature to have the vehicle in view when doing so, or limit the length of time a vehicle engine may idle. Please check local and state regulations for any requirements and restrictions on remote starting of vehicles and engine idling time.

WARNING!

Do not remote start vehicle in an enclosed environment (i.e., closed garage). Prolonged operation of a motor vehicle in an enclosed environment can cause a harmful build-up of carbon monoxide. Carbon monoxide is harmful to your health. Exposure to high levels of carbon monoxide can cause headaches, dizziness or in extreme cases unconsciousness and / or death. Do not leave children or animals unattended in a vehicle while using the remote start function.

CAUTION!

If the vehicle’s windshield wipers are left on when the vehicle was last driven, then the wipers will turn on if the remote start function is activated. To avoid damage to the wiper blades (i.e., due to heavy ice or snow accumulated on the windshield), please always turn the vehicle’s windshield wipers off when parking the vehicle.
FORWARD COLLISION-AVOIDANCE ASSIST (FCA) SYSTEM

The radar type Forward Collision-avoidance Assist (FCA) system is to help reduce or to avoid accident risk. In certain circumstances, it recognizes the distance from the vehicle ahead through the sensors (i.e. radar), and, if necessary, warns the driver or applies emergency braking of accident risk with the warning message or the warning alarms.

NOTE: Radar type FCA system does not operate for pedestrians in front.

DRIVE MODE INTEGRATED CONTROL SYSTEM

You can select the drive mode according to your preference or the road condition. The system resets to NORMAL mode when the engine is restarted. Each time you press the button, the drive mode changes as following:

NORMAL mode
Normal mode provides regular daily driving performance with some fuel efficiency.

SPORT mode
Sport mode focuses on managing the driving dynamics by adjusting the steering effort along with the responsiveness of the engine and transmission.

Driving suggestions to improve fuel economy:
• Drive smoothly.
• Accelerate at moderate speed.
• Try to maintain your speed with traffic to prevent unnecessary speed adjustments.
• Always maintain a safe driving distance from the vehicle in front of you so you can avoid unnecessary braking.

CRUISE CONTROL

The Cruise Control system allows you to program the vehicle to maintain a constant speed without depressing the accelerator pedal.

1. To turn On / Off the Cruise Control
2. To Resume or Increase the Cruise Control speed
3. To Set or Decrease the Cruise Control speed
4. To Cancel the Cruise Control

NOTE: The system cancels automatically if vehicle speed is under 20mph. Depress the accelerator or brake pedal to actively adjust the vehicle speed, and the distance to the vehicle ahead.
