19 Custom Button
- Initial Setup
- Reassign Feature
1. The vehicle’s shifter must be in **PARK**. Press the **SETUP** button.

2. Press the **BLUETOOTH** icon on the screen. Then press **BLUETOOTH CONNECTION**.

3. Press **ADD NEW**. Then turn on your phone’s **BLUETOOTH** and select the device (Santa Fe) found by your phone.

**Note** Bluetooth settings can be found in the SETTINGS app on most phones. Refer to your phone’s owner’s manual or visit HyundaiBluetooth.com for more information.

*The display, button, and/or icon locations may differ from the images shown.*
4. Your phone may require a **PASSKEY**. If prompted, enter it into your phone.

![Image of Add New Device screen]

5. The vehicle will confirm that your phone has been successfully connected.

![Image of device confirmation]

Image shown may differ from actual product display.

6. The vehicle will confirm that your contacts download is complete.

![Image of contacts download completion]

Image shown may differ from actual product display.
Select **YES** if you would like to set your phone as the priority device for Auto Connection.

**Note**  If your phone is supported, your contact list may be transferred to your vehicle automatically. Depending on the phone make and model:

- Some phones may request approval to download contacts; this process will take a few minutes
- Contact list may start with First or Last Name, depending on phone models
- Some phones may require additional confirmation on their device to allow contacts to sync
Before You Start
Make sure your phone has been paired and your contacts have been downloaded. If this has not been done, please follow the instructions on the previous pages.

1. Press the **PUSH TO TALK** button located on the steering wheel. You will hear a beep.

2. After the beep, say the command “**CALL**” followed by the name of the desired contact.
   Example: “**CALL JOHN SMITH**”

3. Select the number you would like to call by saying “**ONE**” or “**TWO**.”

**Note** The display, button, and/or icon locations may differ from the images shown.
Making a Call
Using Voice Commands

4 The selected number will be dialed and your contact’s name and phone number will appear on the screen.

![Calling Screen]

5 To end the call, press the **END CALL** button located on the steering wheel.

![Steering Wheel]

**Note** The display, button, and/or icon locations may differ from the images shown.
To start voice command, press the **PUSH TO TALK** button located on the steering wheel.

Here are a few common voice commands to use after your phone has been paired:

“HELP” provides guidance on commands that can be used within the current function.

Say “CALL” to initiate a call followed by saying the name of the saved contact with whom you wish to speak. For example: “CALL JOHN SMITH.”

“DIAL” makes a call by dialing the spoken numbers. For example: “DIAL 1-800-633-5151.”

“PHONE” provides guidance on making a call.

“CONTACTS” displays the phone’s contacts screen.

**Note** Compatibility and performance may vary based on your phone, the phone’s software, and your wireless carrier.

*The display, button, and/or icon locations may differ from the images shown.*
Android Auto and Apple CarPlay allow you to access the most commonly used smartphone features, including calling, navigation, text messaging, and playing music all from your driver’s seat.

1. Connect a USB data cable from your phone to the vehicle’s USB data port.*

2. Allow permission from your phone to connect to your vehicle.

3. Enjoy using the applications displayed on your vehicle’s multimedia screen.

Note
Android Auto users will be prompted to view a tutorial. Select your option and proceed.

*USB data port will typically be located in or near the front in-dash console. Check your vehicle’s owner’s manual for specific location. Data cable for iOS device is required for Apple CarPlay.

Apple CarPlay is a registered trademark of Apple Inc. Android Auto is a trademark of Google Inc.
Smartphone Connection (if equipped)

Making a Call

1. Connect a USB data cable from your phone to the vehicle’s USB data port. Notice the icon displayed on your screen.

![USB data cable connection](image)

2. Press the **PUSH TO TALK** button located on the steering wheel and say a command after the beep.

![PUSH TO TALK button](image)

3. For Apple CarPlay, you will see these screens:

**Note**

*USB data port will typically be located in or near the front in-dash console. Check your vehicle’s owner’s manual for specific location.*

**The display, button, and/or icon locations may differ from the images shown.**
To end the call, press the END CALL button located on the steering wheel.

Note *The display, button, and/or icon locations may differ from the images shown.
1 Press the **PUSH TO TALK** button located on the steering wheel. You will hear a beep.

2 After the beep, say a command. Example: “**FIND COFFEE SHOP**.”

3 The results will be listed on the screen. Say the line item number to make your selection. Example: “**THREE**”

**Note** The display, button, and/or icon locations may differ from the images shown.
4. The destination route will be displayed on the screen and route guidance will begin.

5. Press the **PUSH TO TALK** button located on the steering wheel and say **“CANCEL ROUTE”** after the prompt to stop navigation guidance.

**Note**  The display, button, and/or icon locations may differ from the images shown.
1. The vehicle must be in **PARK**. Press the **NAV** button.

![Image of a vehicle dashboard with NAV button highlighted](image1.png)

Image shown may differ from actual product display.

2. Touch the **SEARCH** box.

![Image of a navigation display](image2.png)

3. Enter the address of your destination and press **OK** when finished.

![Image of a navigation search screen](image3.png)

**Note**  
The display, button, and/or icon locations may differ from the images shown.
4 The route to your destination will be displayed on the screen. Select **START GUIDANCE** to begin your route.

5 Press the **PUSH TO TALK** button located on the steering wheel and say “**CANCEL ROUTE**” after the prompt to stop navigation guidance.

**Note** *The display, button, and/or icon locations may differ from the images shown.*
To start voice command, press the PUSH TO TALK button located on the steering wheel.

Here are a few common voice commands available to use:

“HELP” provides guidance on commands that can be used within the current function.

Say “FIND <ADDRESS>” to search for an address and set it as a destination. For example: “300 (THREE-ZERO-ZERO) MAIN STREET, FOUNTAIN VALLEY.”

“FIND <POI>” searches for the point of interest specified. For example: “FIND BANKS.”

“GO HOME/TO WORK” sets the destination to your home or work/office. Your home or work address must be set in the navigation system.

“CANCEL ROUTE” cancels the route to the set destination and exits guidance.

“POLICE STATION/HOSPITAL” displays a list of the nearest police stations and hospitals.

Note The system will search for addresses or destinations located within the state the vehicle is currently in. If you want to search in another state, say the name of the state first.

Compatibility and performance may vary based on your phone, the phone’s software, and your wireless carrier.

*The display, button, and/or icon locations may differ from the images shown.
1 Press the **DESTINATION SEARCH BY VOICE** button.
When prompted, you can say the name of a Point of Interest (POI), an address, or a POI in a city.
Example: “**FIND COFFEE SHOP IN FOUNTAIN VALLEY, CALIFORNIA**.”

![Destination Search by Voice](image)

2 A list of nearby destinations matching your search criteria will be displayed.
Say the line item number to make your selection.
Example: Say **“ONE”** to select the first Starbucks listed.

![List of Nearby Destinations](image)

3 The destination route will be displayed on the screen and route guidance will begin.
